^aThe Rule 213 fees for fiscal year 2008/2009 shall be the "CPI-Adjusted Fee." Assuming there are no fee revisions, this fee will be used to calculate future CPI fee increases. For fiscal year 2008/2009, the District will charge the "Fee Rate," which is the CPI-Adjusted Fee rounded down to the nearest cent or nearest dollar. The APCD revised the fees in accordance with Rule 213.C. The fees are effective July 1, 2008 and they are based on a California Consumer Price Index increase of 3.0 percent (April 2007 to April 2008). The APCD calculated the CPI-adjusted fee rates shown in the table by applying the 3.0 percent CPI increase to the fiscal year 2007/2008 CPI-adjusted fee rates and rounding the results down to four decimal places.
